

Rafting

Rafting on the Cetina river you'll meet light and moderate water rapids, deep calm lakes, ideal for having a refreshment, banks covered with rich vegetation - making tunnels of branches, impressive rocks and caves. Rafting lasts between 3 and 4 hours and is organized on 9 km long part of the river, from the village of Pensici to the restaurant Radmanove mlinice. The total fall is 45 km long ...

Before the start each group on the boat gets acquainted with their guide, who is going to give you all obligatory equipment, which includes helmet, safety wastercoat and an oar. On the starting (calm) part of the river your guide is going to teach you about behaviour rules and basic rowing techniques.

On the scale ranging from I to VI the river got the mark II to III and two extremely rough places are passed on foot. It's necessary to take your bathing suit with you, as well as sports shoes and sandals (it's not recommended to go barefoot), a towel and clothes you are going to wear after rafting.
