

Trips to countryside

Have a walk through the interesting and ancient Poljica, full of cracks, funnel-shaped holes and round karst valleys, with different trees and plants. A lot of birds and small wood animals dwell here. Feel a breath of past times. Poljica are full of old, half-demolished housings and badine and different remainders of fences which were important to the people, living and existing in that interesting landscape ...

It's necessary to take sports shoes and trousers to protect you from sharp plants, growing by the paths. You're taking your camera at your own responsibility. The trip lasts 8 to 10 hours.

After the trip is over a dinner in the local wine cellar is organized. Everybody can take part in it and taste home-made wine and specialities dating from the ancient Principality of Poljica.
